## What sets us apart

### 1 No time limits on support

Our cover has no time limits on mental health conditions, so we won't leave your employees without support if their condition comes back.

### 2 More cover than ever before

We now cover most mental health conditions. Whilst we don't cover treatment for excluded conditions, such as dementia, learning difficulties, behavioural and developmental problems, we do cover mental health conditions related to these exclusions, such as anxiety or stress.

### 3 Ongoing support and advice

We cover ongoing support through therapy to help bring a flare-up in your symptoms under control. Digital GP appointments through our Bupa Touch app and nurses through our Anytime HealthLine are available 24/7 for advice on managing ongoing conditions.

**Note:** Standard exclusions for pre-existing, special and moratorium conditions, and benefit allowances for out-, in- and day-patient mental health treatment continue to apply. Full details can be found in an employee's policy guide and certificate.

**For more information about mental health support for your team, contact your intermediary partner.**

Employees can call us to discuss treatment options, usually without a GP referral^
