

# Introducing our handy new dental allowance

Our health insurance now comes with added dental care. It's a little something extra for your clients to smile about.

Bupa 

# Our cover now covers more

We know it feels harder than ever to find the right dental care. **That's why we're making our health insurance go further, faster with our brand-new dental allowance.**

With all new consumer policies and renewals starting from 1 August 2024, your clients will have access to one appointment with Bupa Dental Care, every policy year. Plus, if they need follow-up care, we'll give them a £300 allowance towards restorative treatment.

## Get the facts on our new allowance

### What's included?

- ✓ One dental appointment per person per policy year.
- ✓ This can be used at a Bupa Dental Care practice for a routine check-up, new patient examination, or emergency appointment.
- ✓ If the dentist recommends further care, we'll provide a £300 allowance towards restorative treatment. This covers things like crowns or fillings.

### Who's the benefit for?

- ✓ The policy owner – and everyone covered by the policy – has access to the benefit.
- ✓ Anyone who starts a new health insurance policy from 1 August 2024 is eligible.
- ✓ If a customer has an existing policy, they'll receive the benefit when they renew any time after 1 August 2024.

### How does it work?

- Customers don't need to add the benefit to their policy. It'll be applied automatically.
- To book an appointment, they can find their nearest Bupa Dental Care practice at [bupa.co.uk/dental-care](https://bupa.co.uk/dental-care)
- When they arrive, all they need to do is let the receptionist know their membership number. If they're new to Bupa Dental Care, they'll need to register at the practice.

### How is the cost claimed back?

- After treatment, the practice will send us the claim and we'll pay them directly.
- The benefit doesn't impact their no claims discount or low claims bonus.
- Customers will need to pay for any dental treatment that exceeds the benefit allowance or isn't covered by their policy.
